Sub Livestock - Opening of a Livestock Farm in the South Kanara District.

Ref Govt. Memo No. 14312 P&D II/50-1 d: 21.2.50

The Govt. desire that ~~are desirous of having the~~ Livestock Farm in the South Kanara district should be opened as early as possible. I am accordingly to request you to issue immediately necessary instructions to Banjara, ~~whom you have posted as Superintendent of the Farm~~ to proceed with the work ~~very~~ expeditiously.

2. As already stated in the Govt Memo cited the Construction of buildings and sheds should be taken up immediately ~~and~~ and pushed vigorously on with a view to their early completion. The Joint D.A.H may, if necessary, be directed to proceed to South Kanara and give direct instructions to the Superintendent regarding the selection of sites for the Construction of buildings etc.

3. As it is likely that the work may be ~~dragged~~ delayed if entrusted to the P.W.D authorities the question of employing a special staff under an Asst Engineer for the purpose may be considered in consultation with the Chief Engineer P.W.D (Buildings).

D.O.NO.796-II/50. TRIPLICANE P[illegible] DATED THE 1[illegible] MARCH 1950

My dear Koteswara Rao,

Sub: Livestock - Opening of a Livestock [illegible] the South Kanara District.

Ref: Your D.O. Letter No.14312-P & D.II/50-2 dated 6-3-1950.

Necessary action to push through the work of constructing essential buildings for the farm has already been taken by the Joint Director of Animal Husbandry. The places in the farm site where the several buildings have to be constructed were shown by him to the District Veterinary Officer when he recently visited the farm along with the Agricultural and Public Works Department authorities. The Superintendent of the farm has since been instructed to obtain the plan from the District Veterinary Officer and take immediate steps for the construction of the necessary buildings. He has been furnished, for this purpose, with type-designs of essential buildings immediately necessary for starting the farm, such as sheds for cows, male stock, work bullocks, store and feed room, quarters for menials, office, etc., and instructed to get regular plans and estimates for the above structures, call for tenders and submit detailed proposals as expeditiously as possible.

The question of employing a Special Engineering staff for this department was discussed by the Joint Director of Animal Husbandry with the Assistant Deputy Chief Engineer (Buildings), Public Works Department, Madras on the 28th of last month when the latter agreed to spare the services of a Sub-Divisional Officer for this department. Proposals regarding this will be sent to Government as soon as possible after the receipt of a note on the subject, promised by the Assistant Deputy Chief Engineer, which is awaited.

Yours sincerely,

The first fortnightly return in respect of the Malabar District Livestock Farm has already been sent to Government vide this office letter Roc.No.1288-IV/50, dated 5-3-1950.

2. The following report is submitted in respect of the South Kanara District Farm for the period ended 28-2-50:-

Sri K.Thomas Benjamin assumed charge as Superintendent of the farm on 22-2-50 at Mangalore. He has taken charge of the concerned files from the District Veterinary Officer, South Kanara. He inspected the farm site on 28-2-50 along with the District Veterinary Officer and the District Agricultural Officer concerned. He interviewed the Employment Exchange officer and requested him to allot necessary staff for the farm labour. Progress under construction of buildings, purchase of livestock cultivation and pastures was nil during the period.

Sir,

Sub: Motor vehicle and bicycle - District Livestock Farm, South Kanara district - Provision.

Ref: G.O.Ms.No.107, Development (P&D) Department, dated 7-1-50.

Government while sanctioning the proposals for the establishment of a District Livestock Farm in South Kanara district have ordered that all civil works be undertaken departmentally to ensure expeditious execution. This requires consultation with the Public Works Department at Mangalore which is at a distance of about 35 miles from the proposed farm. In order to facilitate such contact which has to be frequent ~~ex~~ in the initial stages, ~~ma~~ a motor vehicle will be of great service. There is no direct public conveyance from the farm to Mangalore. One has to take the chance of securing a seat at Uppinangady which is 6 miles from the farm. The Superintendent reports that much time is wasted in waiting for buses which invariably come with a full load. A motor van will be useful for the transport of materials for the building work and later on for farm work. All the livestock farms with the exception of Livestock Research Station, Lam, Guntur have a van or a lorry. A Land Rover which is well adapted for farm work and road transport is considered most suitable. The Deputy Transport Commissioner, Madras who was consulted has estimated the cost of a Land Rover at Rs.8,500/-. I request Government to be pleased to sanction early the purchase of a motor vehicle of the Land Rover type for the District Livestock Farm in South Kanara district. A statement of cost is also furnished.

2. The Superintendent also reports that the nearest post office is at a distance of 5 miles from the farm and a bicycle is necessary for the farm to get tapals daily and to attend to other miscellaneous work. The purchase of a bicycle is estimated to cost Rs.150/- inclusive of accessories. I recommend and request Government to sanction also the purchase of a bicycle for the farm at a cost not exceeding Rs.150/-.

3. The expenditure is debitable to "41.Veterinary-f.Breeding operations - H.Post War Reconstruction - iv.Cattle Breeding Farms."

Yours faithfully,

Sub: District Livestock Farm, South Kanara-Headquarters of the Superintendent-Proposals.
Ref: Letter Roc.No.3/50 dated 9-3-50 of the Superintendent, District Livestock Farm, South Kanara.

The Superintendent, District Livestock Farm, South Kanara, reports that his stay at the farm site at the present stage will tend to delay the progress of the farm. The site is 38 miles away from Mangalore and 6 miles from the nearest branch post office and 14 miles from a Telegraph station.

2. The Superintendent has to contact the Executive Engineer very often to obtain technical approach of the materials, designs, contractors etc. Further he has to meet the Collector and the District Agricultural Officer very frequently. Selection of and placing orders for deadstock have to be done at Mangalore. The Superintendent could commence work at the farm only after the buildings are ready for occupation, and his stay in Mangalore till then will facilitate speedy consultation with other departmental officers and parties concerned.

3. In these circumstances, I am permitting the Superintendent, District Livestock Farm, South Kanara to have his headquarters temporarily at Mangalore in anticipation of the sanction of Government. He will be instructed to move to his headquarters in the farm site when his presence is in Mangalore is no longer necessary. I request that my action may kindly be approved.

My dear Mr. Koteswara Rao,

I understand that the Supervisor at Uppinangadi belongs to the Highways Department and not to the P.W.D. Department. He is required for preparing the estimates and supervising the work for the cattle farm buildings at Koila and so the Chief Engineer (Highways) will have to ask the Divisional Engineer here to relieve him and place him on duty in connection with the work of the Koila Cattle Farm. This should be done immediately since they have not been able to do any work.

Sir,

Sub: Establishment - District Livestock Farm, Koila - Farm Manager - Reappointment of - Proposals.

Ref: (1) Government Memorandum No.14312-P & D.II/50-7 dated 29-3-1950.
(2) Government Memorandum No.29603-P & D.II/50-3 dated 8-5-1950.

Sri R.S. Bindumadhava Rao, Additional Agricultural Demonstrator, Puttur joined duty as Farm Manager at the District Livestock Farm, Koila, South Kanara on 8-4-1950 Forenoon with reference to Government Memorandum first cited. He was later relieved from the farm on the afternoon of 19-5-1950 in accordance with the orders contained in the Government Memorandum second quoted above.

The Superintendent, District Livestock Farm, South Kanara reports that there are no other executive subordinates other than a Building Supervisor, with the result that he has to devote personal attention to the direction and supervision of the farm labour besides the agricultural operations, in combination with his various other activities. The Additional Agricultural Demonstrator is reported to have visited the farm only once or twice between 20-5-1950 and 8-7-1950, and such occasional visits are hardly conducive to the proper execution of the farm operations. The

Superintendent .....

Superintendent has, therefore, proposed that a Farm Manager may be reappointed and that he would like to utilize the services of Sri Ratnakara Bhatkal, the present Agricultural Demonstrator at Puttur, South Kanara District who has had some experience in fodder cultivation, etc., at the Livestock Research Station, Hosur.

The District Livestock Farm is taking shape and I consider that it is essential to have a Farm Manager to be in full charge of cultivation. I, therefore, request that Government may be pleased to sanction the reappointment of a Farm Manager at the District Livestock Farm, South Kanara, with immediate effect. The Director of Agriculture will be requested to spare the services of the Agricultural Demonstrator named by the Superintendent on receipt of the orders of Government.

Yours faithfully,

'A' above: In the G.O. sanctioning the South Kanara District Livestock Farm, it was ordered that all civil works should be undertaken departmentally to ensure speedy execution. H.M.Has now ordered that the P.W.D. Supervisor at Uppinangadi may be placed in immediate charge of this work. As it has been ordered that the building programme should be put through with the utmost expedition and the buildings completed before the monsoon sets in, it may not be possible for the Supervisor at Uppinangadi to attend to the work of the Livestock Farm also, in addition to his other duties, and a wholetime man is likely to be required exclusively for this work. Presumably H.M 's intention is that the present incumbent of the post of Supervisor at Uppinangadi should be deputed for this work. If so, a new post of Supervisor (instead of Overseer as previously proposed) may be created for the work connected with the Koila Livestock Farm, and the present Supervisor at Uppinangadi may be appointed to it, a substitute being appointed in his place at Uppinangadi. 'C' on p.5 above: There is already sanction for employing a farm manager (Agrl. Demonstrator) for the Koila Farm. In this case also presumably H.M. intends that the present Demonstrator at Puthur should be immediately transferred to the Farm, and a substitute appointed in his place. For orders.

'B' on p.5 above: The D.A.H. has since submitted proposals for the purchase of a Land Rover and a bicycle for the farm. H.M. has ordered that the motor van that is doing anti-rinderpest work in South Kanara may be placed at the disposal of the farm. In view of this, the purchase of a Land Rover is unnecessary and it is sufficient if sanction is accorded for the purchase of a new bicycle. For orders.

20/3/50

It is clear that the Superintendent will also require to take up the work immediately, and the question of how this may be effected to afford a substitute for him, in which case this also has to be sanctioned. The period may be fixed at six months. If the work is not completed by full-time staff will be sent for extension.

At Puthur is how the Agrl. Demonstration is to attend to the work and the farm. There is sanction for a farm manager. DA may be asked to relieve the Demonstration forthwith and afford a substitute labour.

The motor van will be asked immediately by DA to be available at once. So the proposal for the purchase of a Land Rover and a bicycle may only be deferred. 20.3.50

Subt. LIVESTOCK -- Establishment of a Livestock farm in the South Kanara District -- Appointment of Farm Manager and P.W. Supervisor.

In connexion with the establishment of a Livestock Farm at Koila in the South Kanara District sanction has been accorded, inter alia, for the employment of a Farm Manager and a P.W. Supervisor.

Farm Manager: As instructed in the Memorandum on pp.15-16 c.f. of (B), the D.A. has transferred the Agrl. Demonstrator, Puttur to the Koila Farm as Farm Manager and he has taken charge of the new post. The D.A. has reported that as there is a dearth of qualified personnel in the Department, the Demonstrator may be retained temporarily until a suitable candidate is appointed. The Director has suggested in this connection that one Sri. M.R. Das, an overseas scholar from Assam, who has returned after special training in Dairy Science in New Zealand may be appointed as Farm Manager on a starting salary of Rs.200/- (in the scale of Rs.100-220). But the D.A.H. is not in favour of giving Sri Das a higher starting pay and appointing him to the post of Farm Manager in any of the Livestock Farms. Instead he suggests that the post of a Dairy Development Officer may be created and Sri.Das appointed to it. This question is being separately dealt with in D.I Section. A copy of the D.A.H.'s letter on.p.9c.f may be given to that section for further action.

P.W. Supervisor: With reference to the letter from H.M.(Agri.) on p.5 c.f., the C.E.(Highways) has been asked by D.O. to transfer the Supervisor, Uppinangadi, immediately to the Koila Farm.

The file may be circulated to H.M.(Agri.) for information.

What is wanted immediately is the services of a supervisor to look after the construction work. The demonstrator at Puttur may visit the farm and give instructions now and then regarding the fodder grasses to be grown there. No farm manager or dairy development officer need be appointed at present
